This facility formerly known as the Campbell House Country Club, was built in 1927 as the first public golf course in central Kentucky. The Lexington-Fayette Urban County Government acquired it in 2000. This facility offers a fully stocked golf shop, banquet room, swimming pool, and grill. It is a challenging old style course with small undulating greens. Tree lined fairways with tight landing areas. Located within New Circle Road it offers a challenging and convenient golf get away.

Driving Directions: From New Circle Rd. take Harrodsburg Rd exit traveling back towards downtown Lexington. Picadome is about 2.5 miles on the left (Parkway Drive) just past St. Joseph's Hospital and the Campbell House Inn. From I-75, take the Paris/Lexington exit and go towards downtown Lexington (Paris Pike becomes North Broadway, then South Broadway as you got through downtown Lexington). You will travel about 5-6 miles through beautiful downtown Lexington to Picadome which will be on your right just past the Lexington Clinic. The same hospital & hotel landmarks mentioned earlier will serve as notes that you have passed our street (Parkway drive).
