Dear Subgrantees:

**SUBJECT: Temporary Waiver of Buy America for Construction Materials**

As the U.S. Department of Transportation continues its implementation of the Bipartisan Infrastructure Law, it will maximize the use of products and materials that are made in America for all federally funded projects. To prepare for compliance with the legislation's new Made in America standards for construction materials, the U.S. Department of Transportation (USDOT) established a temporary public interest waiver for construction materials for a period of 180 days beginning May 14, 2022 and expiring on November 10, 2022.

For additional information regarding this temporary waiver, please review the Federal Register at this link: <https://www.federalregister.gov/documents/2022/05/25/2022-11195/temporary-waiver-of-buy-america-requirements-for-construction-materials>.

If you have any questions, please contact your Project Manager at (502) 564-7433.

Sincerely,
